

River's Edge Via de Cristo Newsletter

Volume 6 Issue 5

June 2008

An Excerpt from the National VDC Newsletter

Closings are an essential part of the weekend, because it is the real "send off" back into the world. Our Via de Cristo movement touches the whole church and inspires leaders all across the nation. It is encouraging to me to know that so many are prepared to enter their 4th day equipped to serve our Lord. Can I challenge you to think on the meaning and purpose of the 4th day? And how continuing to be equipped is critical not only to your personal life, but to the life of the movement? What is it you are doing in your 4th day? What tools and techniques did you learn on your weekend that you are carrying on?

Remember, the only purpose of the Weekend is to prepare for 4th day living. We all know that when we focus on the Weekends the entire movement suffers. I remember reading in our Essential Manual how difficult it can be to get new participants to focus on 4th day rather than the Weekend. Everyone is so excited by the weekend that they want everyone they love to have the experience (focus on weekend). They sponsor family and friends to attend (focus on the weekend). But unless they get actively involved in changing their personal environments (focus on the 4th day) and get active in Reunion and Ultreya (focus on 4th day), the enthusiasm can too quickly fade and Via de Cristo becomes just another thing to do. Then

very little happens to promote growth within Christ's Church. (Let us beware that this does not happen in the River's Edge VDC Community.)

The milk of human kindness

Several lbs. of affection
